Sonoma County

Grantee: City of Petaluma

Amount Awarded: \$500,000.00

Grantee Contact: Ken Savano

CalRecycle Grant manager: Alan Zamboanga

Project Summary: The City of Petaluma Police Department will employ a peace officer to conduct the safe and effective abatement of illegal disposal sites to eliminate the threat to public health and safety and the environment. This project will remove environmental health hazards, improve public safety, and reduce crime. This project will fund a full-time police officer to survey, inspect, enforce, and abate illegal dump sites that have become a danger to the public and the environment. The current situation in Petaluma involves illegal dump sites created by homeless and transient persons who often engage in illegal activity including narcotics, weapons, alcohol violations, fish and game code violations, and other dangerous situations now including booby-traps to harm enforcement personnel. The serious threat to the safety of persons carrying out this mission demands the use of a full-time armed peace officer to maximize effectiveness and prevent the illegal dump sites from returning.

Refer to attached GIS map with identified sites and parcel information. We have created an interactive GIS Map to help you with the review of our application. Grantee Contact: Mrs.Jenifer Piccinini

CalRecycle Grant manager: Stephanie Young

Project Summary: The City of Santa Rosa is requesting funding for a combination of 1) Cleanup, 2) Prevention, and 3) Education tasks to address the substantial public health, safety and environmental impacts caused by a growing homeless population living on the City's waterways, public lands and parklands.

Grantee: Sonoma County

Amount Awarded: \$65,910.00

Grantee Contact: Alegria De La Cruz

CalRecycle Grant manager: Robert Healy

Project Summary: This grant provides resources to Sonoma County to remedy significant violations of Sonoma County Code, including an illegal junkyard, equipment terminal, vehicle storage facility, and an unlawful occupied motor home on one parcel in unincorporated Sonoma County. Together, these conditions pose a substantial threat to public health, safety, and the environment in Sonoma County. Sonoma County has taken all possible enforcement actions, but the property owner is unwilling or unable to correct the violations on his own accord.
